## COMMUNITY NOTICES

### Consultation on Carbon Reduction Projects

Members of the public and the Cathedral community are invited to meet with our Cathedral Architect to discuss the proposals to deliver a series of carbon reduction projects, to help with the Church of England's ambition to reach net-zero by 2030:

- ❖ changing the heat source for the underfloor system in the Chapter House from the gas boilers to Air Source Heat Pumps (ASHPs);
- ❖ installation of a photo-voltaic (PV) array to the structures in the yard;
- ❖ and, longer term, to instal PV arrays to south facing roofs of the cathedral and buildings around the cloister and upgrade the electrical supply to the precinct by introducing a new substation.

The consultation display will be in the Chapter House on Wednesday 21 January and staff will be on hand to answer queries from 1.30 pm to 7.30 pm.

### Cathedral Library – Thanks and Christmas Cards

Thank you very much to all the congregation, staff and clergy who donated books, jigsaws and old cards over the past 12 months for the library stall at the Christmas Fayre. We made £885 from their sale.

If you have any Christmas cards that are no longer needed, please consider donating them to the library this January for a couple of the library volunteers to try to recycle them into new cards for sale next year. Particularly popular with the public are Christmas cards with religious art.
